EXPERIENCE

BOSTON REDEVELOPMENT AUTHORITY 2008–PRESENT

Jr. Urban Designer, Urban Design Technology Group

Work on a broad set of projects for the Agency and the City with responsibilities including urban design and planning, 3D modeling, mapping, preparing for community meetings, presenting to community, branding, marketing, publications, web design and web coding. Created the official book for the APA National conference. Created an urban design newsletter and an urban design internal blog.

RUTLEDGE-ALCOCK ARCHITECTS 2007–2008

Intern Architect Worked on projects including residential, multi-family, medical and master planning. Presented to county historic commission, met with and interacted directly with clients, scheduled projects, created construction documents, condominium documents, submitted materials for permitting and Certificates of Appropriateness. Drafted projects and models in Revit Architecture and prepared documents for LEED accreditation.

PROFESSIONAL ACCREDITATIONS

LEED FOR BUILDING DESIGN + CONSTRUCTION 2008

LEED FOR NEIGHBORHOOD DEVELOPMENT 2010

IN THE COMMUNITY

I am an active member and volunteer for the Livable Streets Alliance and a volunteer for the Boston Public Market Association. I have volunteered for Architecture for Humanity, Common Boston Design Build Challenge.

PERSONAL & CONTRACT WORK

EIGHTEENTH CENTURY AGRARIAN BUSINESS

2010–PRESENT

Web Designer, Co-Founder and Contributor

Designed and coded www.ecabonline.com, a project & tutorial web site which I co-run and create content for with an Atlanta-based partner. Site visits 50,000+ a month.

RICHARD M. STEVENS, ARCHITECT 2010-2011

Web Designer Currently coding a portfolio website for an Atlanta-based architect and aiding in design.

MOON BROTHERS ARCHITECTS 2008

Web Designer Designed and coded a 50+ page website for architecture firm. Met and worked with client to deliver a product to match their needs.

HAND TOOLS

MOUSE

Completely at home with the Adobe Suite, Revit Architecture, Apple and Windows OS and coding CSS and HTML, SketchUp and familiar with CAD, 3DS Max.

HOOKS, NEEDLES & PENS

The sewing machine is an extension of my hand. On the other hand I'm knitting, crocheting, drilling, hammering and sketching the ideas.
